## President's Message "Oshkosh In Review"

First off, our next meeting is in a new location! Everything old is new again, as we once again meet at the **DAV hall**, only **now its brand new and in a new location** (actually not so far from the grocery store where we used to meet)

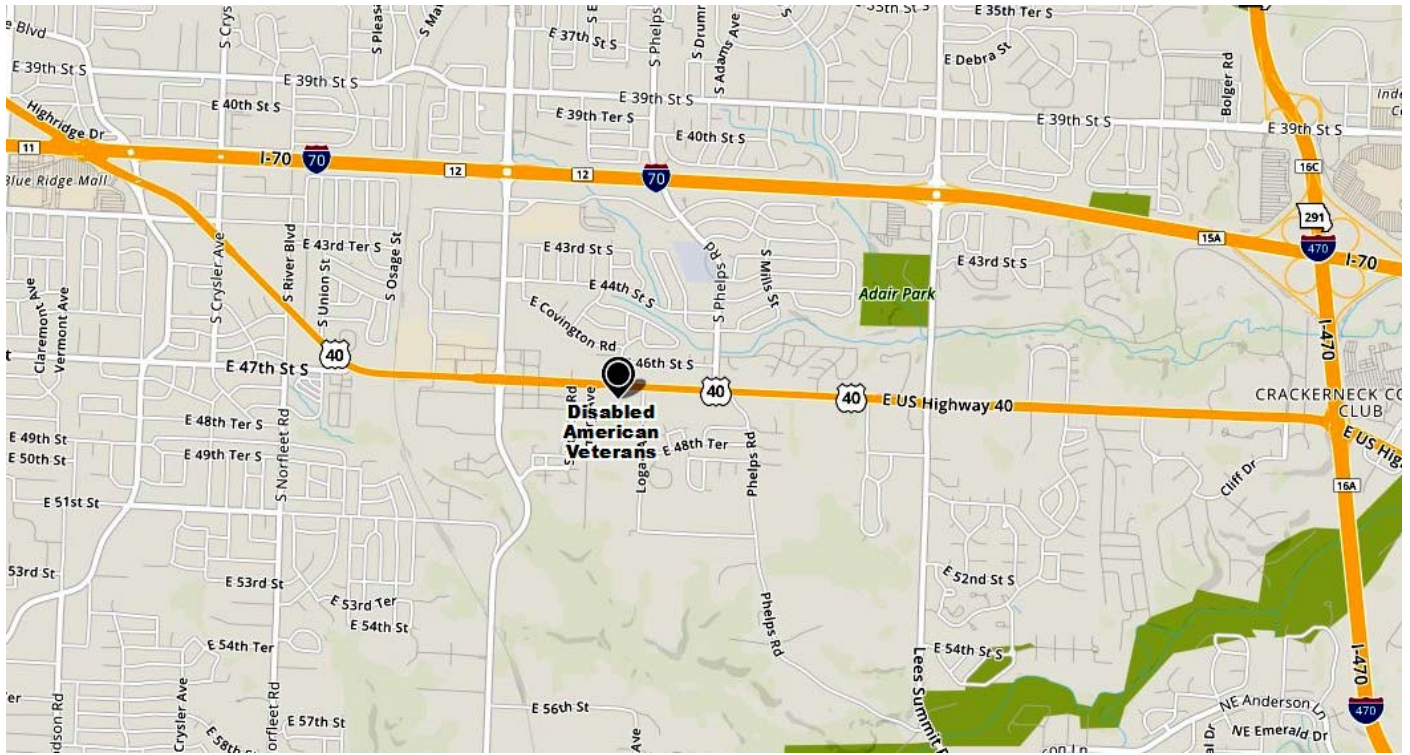

For this months meeting we ask that you bring your favorite stories and pictures from **Oshkosh**. Many of our members have never attended and have no concept of the scope and variety of offerings or experiences available, lets all bring our best examples of our personal experiences to share with the group. For those members who have no Oshkosh experience please feel free to share experiences at White

Industries or the Nicholas Beazley museum. (Let us know if you need a projector for your pictures) I hope that some of you have taken advantage of the aviation activities this fall ie: airshows in North Missouri, South Missouri, and a factory open house in the middle. Fall color show to follow.
