September 2026

EAA CHAPTER 377

fly paper

EAA—Our mission: To grow participation in aviation by sharing the spirit of aviation.

The Mid-America Air Museum is once again proud to support the local EAA Chapter's September Fly-In on **Saturday September 12th.** This year we are going to do something a little bit different. We will showcase our newest addition to our aircraft collection, a Nieuport 11 replica and the inaugural aviation art exhibit in our theatre. This exhibit features a collection of 80 original artworks depicting each of the Red Barron's confirmed victories in WWI by a world-renowned artist from NYC. The story behind the creation of these paintings is remarkable. Please join us, and enjoy the exhibit in our airconditioned theatre. We will also provide you with a recap of the very successful Cockpit & Beyond Career Day we held this past April 1st.

Lunch will be provided as always although the exact menu has not been determined yet. Please feel free to bring a desert dish if you wish to. RSVPs are not required but would be appreciated a day or two before the event to help us determine the seating arrangement in the theatre as well as how much food to prepare.
(620) 624-5263 or bob.immell@cityofliberal.org
Please plan to attend, and bring a friend!
